## OPENING CEREMONY

A great feast of colour and fun. And a fitting way to start this exciting experience together after our first day of competition. The highlights of this occasion were for sure the beautiful place, the excellent master of ceremonies and the lighting of the torch by Alessandro Talotti, who represented Italy in the Olympics – Athens 2004, Peking 2008.

## YOUTH FORUM

There was a wonderful atmosphere at the Youth Forum where youths talked about the values that define FISEC as an organization. One of the ideas was that instead of mass there could be another activity such as an evening candlelight march which would end in a big gathering of prayer. The country representatives were mixed in 4 different groups. At the end of the youth forum they all remarked how much they enjoyed this close encounter with other participants from different countries.
